Florence Chan

We've had such a great experience here! The staff are always caring, and Dr Joo is gentle and professional. My kids felt completely at ease during their visit, and my own tooth removal and implant surgery were handled with great care! So thankful for the excellent service and welcoming atmosphere!

Consuelo Ortegon Garza

The best dental place i have been. From the beginning they explained me very patiently for me to understand about the insurance coverage, they were very nice during all the examination, making me and my family feel so comfortable. They really care about their patients having a good expirience. Also they were great with my kid, he is in the spectrum and thanks to them he felt so comfortable and did so so well. The place is exceptional in every aspect! Thank so much to all the team, you are amazing!
